

# PRODUCT AWARDS 2016

## Trade Finance Global

Trade Finance Global Product awards are totally independent. They are presented each year, recognising companies who are enhancing processes for importers and exporters and who we feel are innovating in the trade finance sector.

The awards recognise those in the trade finance space for creating exceptional products or solutions, whether they are disrupting accountancy, information leaders, innovating supply chain finance, or creating great financial software.

The TFG awards logo is a frequently used badge of excellence in both the intermediary (B2B) and direct (B2C) markets.
