INTERNATIONAL TRADE FINANCE AWARDS 2019

Trade Finance Global

Following a year of geopolitical uncertainty, technological disruption and competition, the 2019 International Trade Finance Awards by Trade Finance Global recognise and awards those who have succeeded and provided an outstanding contribution to international trade.

The TFG Awards are presented each year, recognising businesses and service providers in the trade and receivables space. This year, Trade Finance Global have announced that they've added 7 new categories to the awards programme, in response to the market and

changes in the lending landscape.

Winning a TFG award is certainly something to shout about. Winners often incorporate the awards logos as part of core marketing, email, and promotional campaigns. ■

FREQUENTLY ASKED QUESTIONS

Why do the TFG Awards exist?

All Trade Finance Excellence Awards aim to recognise and promote those who are directly or indirectly contributing towards the trade finance and import/ export finance sector. Simply put, TFG looks at the trade market before nominating and later awarding companies who have shown an outstanding contribution to the sector.

Can I nominate my company?

Nominees for the Awards are chosen by staff and judges within Trade Finance Global, Trade Finance Global. However, we do welcome external applications or self-nominations - please use the form on the website.

Does it cost?

Absolutely not, unlike many awards, the Trade Finance Excellence Awards are not-for-profit and seek to recognise the best in the industry. The winners are chosen because of the quality of their services and products, hence why this is a completely non-commercial activity run by TFG.

Is there an awards ceremony?

Currently TFG does not have a formal awards ceremony for the TFG Awards, simply because this is a non-profit initiative which aims to recognise those who are excelling in their industry. Winners will receive a complimentary trophy and certificate.

What do the winning companies or organisations get?

Winning a Trade Finance Excellence Award is a competitive and rewarding experience, and winners often receive considerable press coverage and recognition. The winners will be featured on our homepage, as well as a dedicated interview section for each winning company.

ABOUT TRADE FINANCE GLOBAL

At the forefront of global trade

Trade Finance Global (TFG) assists companies with raising debt finance. While we can access many traditional forms of finance, we specialise in alternative finance and complex funding solutions related to international trade.

The voice of trade

With the shifting geopolitical and economic climate, as well as uncertainty on the future of global trade, businesses need strategic guidance on growth and trading overseas.

TFG produces a wealth of educational videos and guides for businesses on topics around trade, and shares industry knowledge through its role as strategic media partners for trade conference providers around the world.

Attracting around 100k monthly visitors, our online publications (the Trade Portal) has a global readership in 185 countries. Our newly launched specialist content hubs provide free guides, thought leadership articles and features on almost every aspect of trade. Our most recent venture, 'Brexit Business' is a guide for UK enterprises navigating the complexity around Brexit.

As advocates on trade and shipping education, TFG also hosts and funds the Accelerate Scholarship, a grant to help students realise their full potential in a career in trade.

Structured Finance

TFG focuses on raising finance lines to assist a companies growth, by allowing them to purchase and sell more stock/inventory. This is achieved through structuring Trade Finance & Stock Finance, Receivables Finance & Invoice Finance, as well as Business Loans.
